JED8430ADB - Jenn-Air® Electric 30 in. Downdraft Cooktop - Textured Black

Product Features

Surface

- One Custom Choice™ Dual radiant element heats large and small size pans effectively.
- Three Ultra Quick-Start™ radiant elements provide visual response in just three seconds.
- Ceran® glass-ceramic surface presents a smooth, stylish look with a subtle front curve.
- Downdraft ventilation keeps kitchen fresh and odor-free, no matter what you're cooking.

Controls

- Pop-up fan knob stays hidden until needed.

Performance

- Infinite control settings adjust instantly to any temperature level.

Distribution

- Available in Canada.

Exterior

- Frameless design with rounded edges makes clean-up easy.
- Backlit controls provide a stylish look that's functional too.
- Available in textured black, pearl white with gray accents or textured bisque.

Surface

- Hot surface light beside each

element is on.

- Variable-speed ventilation fan lets you pick the best airflow for your cooking needs.
- Countertop or island/peninsula installation opens the way to more open kitchen designs.
